ONEHEALTH
Medical

- Syringe parameter storage
- The infusion flow rate adjustable in a wide range
- Operated with internal rechargeable battery
- Dual CPU structure
- Tube occlusion detection
- Body weight and drug library mode
- Profile infusion
- Sequential Infusion
- WIFI communication

Dimensions	258mm*167mm*86mm
Weight	2.0 Kg
Power supply	a.c. 100V-240V, 50Hz/60Hz, 30VA
Input power	Internal battery d.c. 10.8V
Syringe	Refer to "10 Precautions for Syringe Use".
Service life	1 years
Requirements environment	Atmospheric pressure: 70KPa~106KPa Ambient temperature: +5°C~+40°C Relative humidity: 20%~90%. The user environment has no strong shock vibration and no strong magnetic field
Ingress protection	IPX4

SYRINGE PUMP (OH-SP01)
